

VO SCRIPT

Zeeva Fertility Centre, set up in the year 2012 aims at offering medical, emotional and physical care to the less fertile couples or individuals through a comprehensible and expert scientific techniques and advice.

Zeeva is the one-stop fertility center, built on 8000 square feet of land with 3 floors, located in the NCR that takes care of all issues related to infertility in a holistic manner.

Zeeva fertility has the largest team that comprises of trained doctors, embryologists, nurses, counsellors and professional administrators.

We offers Artificial insemination, ICSI treatment, Sperm Retrieval, Donor sperm or egg, egg freezing, Natural therapies and Yoga to name a few.

At Zeeva we follow highest standards when it comes to quality and affirm secrecy of treatment at the same time offering transparent and individual treatment plans, ensuring your journey to be a worthy one.

We specialize in treating infertility from the simplest to the most advanced cases. Zeeva offers world-class testing and treatment, bringing together the latest technology in the field of reproductive medicines and state of the art equipment.

We thrive towards offering the finest treatment plans to our patients which would yield the best result for them.

At Zeeva, we yearn to provide comforting and relaxed environment to our patients. Positive attitude of our doctors and staff members along with world class professionalism and care towards patients makes us first choice for all aspiring parents.

Counselling and guidance at each step of the procedure and keeping couples well-informed with latest developments is an integral part of the treatment.

At Zeeva, we believe our journey is one with the couple's journey. What keeps us moving is knowing that we are transforming lives. Seeing each individual walking out with a smile, brightens up our day and accomplishes our mission!

We, Welcome hope!
